

About Our Program

The YMCA KIDS CLUB AFTER-SCHOOL PROGRAM (YKC) is a GREEN COUNTY FAMILY YMCA initiative designed to address the need for safe yet educational after-school programming open to elementary aged children of Green County.

YKC offers students ages 5-13 a safe and friendly place to be at the end of their day while providing them with a variety of programs specifically designed to teach, exercise and entertain.

Following the Monroe School District calendar, our YKC staff maps each week's schedule on a time-based model, planning educational experiences for days when time allows and entertaining or athletic experiences on days when contact is limited.

Our Mission

To put Christian principles into practice through programs that build healthy spirit, mind, and body for all.

Schedule

Monday—Thursday

3:50-4:10 PM Make & Take Snacks
4:10-4:35 PM The Lab Homework
4:35-5:30 PM Preplanned Activity

Early Release Fridays

Green County's Little Leaders

Green County's Little Leaders is another great way that the GREEN COUNTY FAMILY YMCA prepares children for the future. Designed to resemble the UW-Extension's Green County Leaders, our Little Leaders program is tied directly to the YKC program and takes place on the 1st and 2nd Fridays of the month.

Rather than giving kids a simple craft or activity each week, the YKC staff teaches children about leadership and community by working with them to accomplish a desired goal.

Over the course of eight months, the YKC children learn about project planning, development, and implementation. The team works together to create a project that benefits a Green County business or organization.

**FOREVER HERE
FOR YOU!**
